

ZP11 Weekly Notes
6/24/15

EARTH SCIENCE AT NASA ON THE SQUARE (email to:

michael.goodman@nasa.gov / 256-961-7890): The Earth Science Office (Rich Blakeslee/ZP11, Brent Roberts/ZP11, Jim Smoot/ZP11, Brad Zavodsky/ZP11) and Michael Goodman/ZP10 supported the 2nd Annual 'NASA on the Square' in downtown Huntsville, Alabama on 21 June 2015. The Earth Science booth highlighted NASA's efforts to improve our understanding of the Earth and its response to natural or human-induced changes, and to improve prediction of climate, weather, and natural hazards. A steady stream of visitors viewed satellite imagery and videos, and were given Earth holographic bookmarks, posters, and a *2014 Sensing Our Planet* booklet with human-interest stories describing NASA's research of our atmosphere, land, and water.
